About Us

AMRAD TECHNICAL FOR TRADING is a dynamic and comprehensive supplier specializing in a vast array of high-quality products essential for the Marine, Oil & Gas, Construction, and General Industrial sectors. Our core mission is to serve as a reliable single-source provider for complex industrial maintenance, repair, and operational (MRO) needs, delivering everything from specialized chemicals and safety equipment to heavy-duty industrial tools and construction materials

Vision Statement

To be the preferred and most reliable technical trading partner in the region, recognized for the breadth of our industrial product range and our commitment to immediate availability and superior service.

Core Competency

The ability to supply a diverse catalog of essential industrial, marine, and safety products, ensuring clients can secure specialized equipment and consumables quickly and efficiently from one trusted source
